Halve the cost of movies with your remote

Let your remote control save you time, effort – and money!

For the quickest and easiest way to order your ONrequest movies, connect your set top box to your telephone line and use your remote control (details in our 'How to pick your favourites' brochure).

During May and June we have a special introductory offer. Order your movies by remote control for

half the normal price – that's just £1.49 for ONdigital customers.*

For details of how to order go to our Information channel (Channel 50) and our On-screen Guide will give you all the details you need to order the movie of your choice tonight.

When making your order, please note that your On-screen Guide will show the normal price throughout. We will deduct this special offer before billing and only charge you half price.

*Normal price of £2.99 applies to all orders not made through the remote control system. Normal price is £3.99 if you are not an ONdigital customer.
